

# The Heritage

Heritage Chapter Bluebills  
Boeing Retiree Volunteer Newsletter

July 2017

WWW.BLUEBILLS.ORG

VOLUME 23 ISSUE 07

## Chairman's Corner

By Jim Orchekowsky

**Wow! Half way through the year. We have needs for Volunteers. Now!**

The Bellevue Police Department is asking for an Electrical/Mechanical Engineer for skills to refurbish their McGriff crime dog robot. A great opportunity.

The Heritage Chapter has a booth at the Puyallup Fair this year, September 1<sup>st</sup>-4<sup>th</sup>. Can you help out by working a 3-4-hour shift at the booth to promote our Bluebills Chapter? If so contact the Bluebills office at 2016-544-6286. Someone will be on hand at the Bluebills office on Tuesdays and Thursdays between 10 AM and 2 PM to accept your call to volunteer for at these events.

Heritage Chapter meeting on the 28<sup>th</sup> of July will feature entertainment by the Mid-Day Melody Men, a group of retired Barbershop four part singing harmony group. The music will have you at the edge of your chair.

See Micki Brown for your moment to share your time with Boeing people about to retire and extend their love for helping others. You will be proud you did!

October 1<sup>st</sup> will be "Boeing Family Day" from 10 AM to 3 PM. One day only to help at the North Boeing Field, Plant 2, Museum of Flight, Wind Tunnel and the South Park Complex. Contact Michelle Stokke at 206-544-1125.

Can you give us your unused items suitable for Door Prizes at our monthly meetings? Our supply is running low.

Also, still looking for someone to fill the Public Relations and Education Committee Chairman Positions.

I will be going to Wisconsin for my 65<sup>th</sup> High School Class Reunion from August 2<sup>nd</sup> to August 15<sup>th</sup>. I'll be back for the August Chapter Picnic at the Coulon Park Shelter #2 in Renton.

Reminder – turn in your Volunteer Hours each month.

## June Chapter Meeting Recap

*By Mary Ulibarri*

Jim Orchekowsky started the meeting with the Pledge of Allegiance. The two June birthdays in attendance were Jim Beasley and Bob Stubbs. No anniversaries.

Oscar Olague acknowledged the Busy Bs contributions to SCCA for the month -- one quilt, three blankets, 22 medical dolls and 30 baby hats. Thank you, Oscar, for making the deliveries and especially a big thank you to all the hard work of the Busy Bs. He also mentioned visiting Zip Zuther who expressed his appreciation for the greeting cards he received.

Micki Brown is heading up the sign-up campaign for manning the Bluebills booth at the Washington State Fair in Puyallup on Friday through Monday, September 1-4. It's a good way to promote membership in our organization. And remember you get free entrance and parking. There are still some open shifts, so please contact the Bluebills office for details (206) 544-6286.

Millard Battles spoke of the ongoing relationship he's hoping to develop with the Engineering Retirees Society, which has a membership of 800. He is working on a brochure with information about volunteer opportunities and ways of encouraging a system of mutual support.

Jim mentioned the Family Day coming up on October 1 at Boeing Field - hours are 1:00 pm to 3:00 pm. Anyone interested in helping advance membership in Bluebills is welcome and encouraged to contact the Bluebills office for more information.

Mary Ulibarri read a short note from the Volunteer Director at Grand Ridge Elementary School in Issaquah acknowledging Doug Hoople's recent recognition as Volunteer of the Month. Way to go, Doug.

Fran Parker passed "the hat" to collect donations for school supplies the Bluebills donate each year. This will be repeated at the next meeting and at the August picnic. Please help if you can.

The floor was then turned over to Emily Heemstra,

Volunteer Coordinator-Guest Services for the Pacific Science Center, who spent a few minutes talking about the Terracotta Warriors of the First Emperor exhibit taking place now through September 4, 2017. There is still a need for volunteers, so if you are interested, please call (206) 443-2868 or go on line at [www.volunteers@pacsci.org](mailto:www.volunteers@pacsci.org). Here's a list of their current openings:

**Tinker Tank Volunteer:** Creative volunteers to facilitate inside Tinker Tank, a space with aims to inspire guests of all ages to explore new ideas through hands-on design experiences - using their hands, tools, and imaginations. Share your passion for making things, tinkering with objects, building with mechanical parts, or experimenting with electronics with our guests!

**Guest Ambassador:** Be a friendly face to guests as they enter the Science Center and ensure all feel welcomed and well informed. Assist guests to key locations and make personalized recommendations to make sure guests enjoy everything being offered.

**Science Interpretation Program Volunteer:** Science Interpretation volunteers interact directly with guests of all ages and interests, providing skilled science interpretation and excellent customer service.

Jim Beasley then introduced Jessica Bonebright, VP-Membership, Puget Sound Advocates for Retirement Action (PSARA). Jessica spoke briefly about the organization, shared handouts and pointed to more on the side table. She then introduced the speaker, Mark McDermott, advocate for PSARA.

Mark spent his life working for economic, social and racial justice and peace. He is a full-time economic justice and labor educator and has given 293 speeches and workshops in 18 states over the past 5 years to affiliates of 24 international unions and many progressive community-based organizations.

He "retired" in 2010 after serving as Regional Representative for the Pacific NW and northern plains under U.S. Secretary of Labor Hilda Solis.

With the help of a visual presentation, Mark engaged the audience with a bit of background of his personal family hardship which helped form his dedication to helping contribute to a better future

for young and old. He listed the many ways he accomplishes this.

He is dedicated to serving as a public servant, which is a great honor and responsibility. He diligently works to advance the economic and social rights by working to create more opportunity for working people and the unemployed. Some of these issues include:

- Expanding access to unemployment insurance and retraining programs;
- Establishing greater labor protections for farm workers and children;
- Promoting greater access to apprenticeship programs for people of color and women;
- Aggressively enforcing and expanding wage and hour law protections for workers;
- Promoting welfare reform that expands opportunities for poor parents to get the education and skills they need to lift their families out of poverty and into family-wage career-oriented jobs;
- Creating and expanding training opportunities for low-wage and unemployed workers;
- Supporting the rights of workers to organize unions and bargain collectively;
- Instituting labor relations policies that promoted good labor relations between management and labor;
- Promoting economic development policies that create good family-wage jobs rather than low-wage jobs.

Over these many years, he has stayed very active in community organizing and activism working on many of these same issues. When he retired in 2010, he focused his full-time attention on helping to build the movements and cross-movement coalitions needed to take our country back and move toward a more just, brighter, sustainable, and secure present and future for all.

Some ways for making retirement security real for everyone -- learn about past struggles to win Social Security and Medicare and see how essential these programs are, especially for women, people of color and other marginalized communities. He questioned what will happen if these necessary programs are rolled back, converted to vouchers, or privatized. Will seniors who need

long term care still have access to Medicaid? He stated that for decades two big lies have circulated that Social Security is going broke and that Medicare can't be fixed. He believes whole-heartedly that this is untrue and that we must protect them now and for future generations.

Social Security has been one of our government's most successful programs for over 80 years. It has helped seniors, children, families, and individuals with disabilities. Medicare is another successful program that, for more than 50 years, has provided seniors and other Social Security recipients' medical care. He strongly believes we must get involved and that we all do what we can to defend what we already have and expand these programs to include more of the services we need.

For more than a quarter century, PSARA has been active in fighting for older Americans, their children and their families. They engage in a variety of activities and educational work, including the production and distribution of a monthly newsletter, *The Retiree Advocate*. Their efforts are based on the belief that seniors, our children and grandchildren need and deserve:

- A lifelong, adequate, dependable income;
- Comprehensive, affordable health care, including prescription drug coverage;
- Taxes and utility bills that can be handled;
- Access to affordable housing, transportation, and social services;
- Support for family care-giving responsibilities; and
- Quality time to relax and enjoy life with family and friends.

Mark's summary was that PSARA and each of the members can work together for justice, equal rights and dignity for all of us in our retirement years. If you'd like more information, here is the online website: [www.psara.org](http://www.psara.org).

This topic stimulated the audience and raised numerous questions and spirited discussion.

Jim then concluded the meeting with the door prize drawing and a wish for a safe Fourth of July.

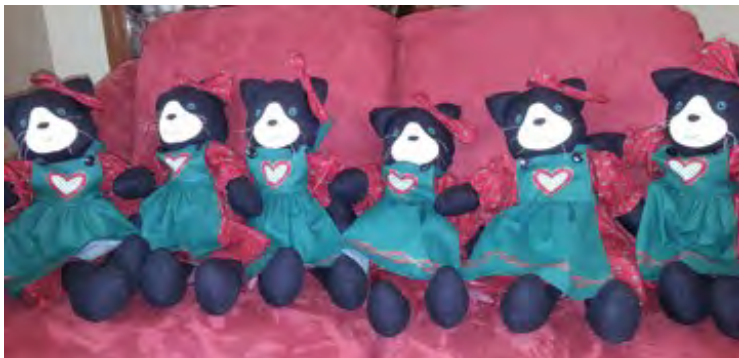

(Continued on page 4)

## **Busy B's**

by Janice Hawes

It's Christmas in July. We recently received a donation of panels to sew into stuffed dolls and included were some Christmas cats and bears. So, we are starting our Christmas sewing a little early. The picture

shows 6 of the cats. If any of you worked with Boeing's Community Outreach program years ago, these panels will be familiar. They were found in someones "stash" and were a pleasant surprise. These will be given to area Food Banks along with the stuffed animals we collect all year for our December give away.

Joyce Hassler has already made two Christmas quilts to add to the collection and they are quite beautiful.

I talked to Zip Zuther recently and he said he is doing pretty well. We do miss seeing him when he would either come in to the Busy B room to pick up items for Children's Hospital or pick them up at the monthly meeting. We so appreciate Oscar Olague for stepping into his Zip's "shoes" and taking the quilts and medical dolls to Children's.

I just picked up from Kathy Lyons a bag of crocheted hats of all sizes. They are beautifully made as usual. She also donated a big bag of plastic knives and forks for Bluebill use. So, thank you again Kathy.

I'm also adding to my column a picture of one of our Quilts, made by Lana Mitsules. I thought I would show you each month a quilt made by different Busy B's.

## **Volunteer of the Month at Grand Ridge Elementary in Issaquah for May**

*Hello Mr. Hoople,  
It was a pleasure to meet you yesterday and I'm so happy I was able to present you with your Volunteer of the Month gift. We are very fortunate to have you volunteering at Grand Ridge!*

*Here is the blurb that was written about your service at Grand Ridge: Mr. Hoople, also known affectionately by the students as Grandpa Doug, has been consistently volunteering at Grand Ridge in a variety of roles. Not only does he serve as a VOICE mentor to several students, he also volunteers in both of his grandsons' classes on a weekly basis. In the classroom he willingly takes on any task asked of him. Whether he is meeting with students to discuss their writing or helping stu-*

*dents who were absent get caught up on work, he is reliable, patient and adaptive. He truly is making a difference in the lives of everyone he touches. The students and teachers always look forward to seeing Grandpa Doug walk through the door!*

*Thank you, Doug Hoople for all you do in the Grand Ridge school community!*

**The following Submitted by Norma Vaughn, Bluebills Office Manager.**

We received a card in the Bluebills office that was sent to us by Joy Fehrenz who lives in Sioux

Falls, SD. Joy has been a member of Heritage Bluebills since January, 1996. Her card was so interesting to read that I thought perhaps our newsletter readers might like to share in it and see how some of our members who do not live in WA are making a difference in their communities and are enjoying their retirement.

Following is her message:

**“May 16, 2017**

**Dear Bluebills/Heritage Chapter,**

No volunteer hours this month but wanted to tell you how much I enjoy reading your monthly newsletter. I read it back-to-back and miss being there. This past month was especially informative with all the SSN info and the report on all the scams against us “elderly” people.

Hard to believe Ken and I have been retired 22 years. We left Seattle on July 15, 1995, in our motor home, came back in March '96. Sold our home and lived in it full time for 19 years. Ten of those years we volunteered for Habitat for Humanity and I reported all my hours to you. Now we go to AZ in the winter and I volunteer for the Girl Scouts and the Tucson Book Festival, then back to our roots in South Dakota to “volunteer” looking after our granddaughters who are now 10 and 12 yrs. old. I do help with the Pioneer Village during Sioux Empire Fair in August.

Whoever comes up with the jokes and funny stories should know I share them with our drama group at Rincon Country RV resort in Tucson.

Good wishes to everyone; so proud to be a Bluebill.

**Joy Fehrenz”**

## Volunteer Opportunities

*Submitted by: Jim Lee*

From Emily Heemstra—Guest Services Volunteer Coordinator at Pacific Science Center. We were in contact previously about the Terracotta Warriors Exhibit Volunteer opportunity. Thank you so much for posting that volunteer opportunity in your newsletter!

I wanted to reach out again to see if you knew of anyone with any interest in volunteering with us in a different capacity. We have several different opportunities that may be an awesome opportunity for Boeing retirees specifically. Here's a list of our current openings:

**Tinker Tank Volunteer:** We need creative volunteers to facilitate inside Tinker Tank, a space with aims to inspire guests of all ages to explore new ideas through hands-on design experiences - using their hands, tools, and imaginations. Share your passion for making things, tinkering with objects, building with mechanical parts, or experimenting with electronics with our guests!

**Guest Ambassador:** Be a friendly face to guests as they enter the Science Center and ensure all feel welcomed and well-informed. Assist guests to key locations and make personalized recommendations to make sure guests enjoy everything we have to offer.

**Science Interpretation Program Volunteer:** Science Interpretation volunteers interact directly with guests of all ages and interests, providing skilled science interpretation and excellent customer service.

2,200 years in the making.**

## Working with Those Who Provide Care: Social Security's Representative Payee Program

*By Kirk Larson, Social Security Washington Public Affairs Specialist*

According to the Census Bureau, there are nearly 57 million people living with disabilities in the United States. Thirty percent of American adults help provide care for a sick or disabled family member.

Social Security works closely with caregivers through our Representative Payee Program. A representative payee is someone who receives and oversees the Social Security or Supplemental Security Income (SSI) benefits for an adult or child who cannot manage his or her benefits. A payee's main duties are to use the benefits to pay for the current and future needs of the beneficiary, and properly save any benefits not needed to meet current needs. A payee must also keep records of expenses. When we request a report, a payee must provide an accounting to us of how he or she used or saved the benefits. You can learn more about our Representative Payee Program at [www.socialsecurity.gov/payee](http://www.socialsecurity.gov/payee).

A representative payee is usually a trusted family member or friend of the beneficiary, but when friends or family are not able to serve as representative payees, Social Security looks for qualified individuals or organizations to represent the beneficiary. Being an authorized representative, having power of attorney or a joint bank account with the beneficiary is not the same as being a payee. These arrangements do not give legal authority to negotiate and manage a beneficiary's Social Security and/or SSI benefits. In order to be a payee, you must apply for and be appointed by Social Security.

Currently, more than six million payees manage \$80 billion in Social Security and Supplemental Security Income benefits for more than 3.5 million adults and 4 million children determined to be incapable of managing their benefits. Projections indicate that the number of people needing assistance will increase dramatically in the coming decades as the population ages.

If you are concerned that someone you know becomes incapable of managing or directing the management of his or her benefits, please call us at 1-800-772-1213 to request an appointment to discuss your concerns.

You can View your Monthly Newsletter in Color and Connect to the linked articles and programs on the Web at <http://www.bluebills.org/heritagenewsletters.html>

to the Monthly Meeting

## Washington STATE FAIR

Greetings Fellow Bluebills!

Do you "Do The Puyallup"?

Well, we have an opportunity for you to attend FREE and your parking is also FREE!

Now you're wondering how to grab this opportunity, hmmm? Here's the deal:

The *Heritage Chapter of Bluebills* will host a booth the first four days of the fair. This year those days are Friday, September 1, through Monday, September 4, 2017. By *volunteering* for as many shifts as you'd like, you're given a free entry ticket and parking! I have done this for the past four years and it's easy and fun!

The duties for hosting the booth are simple: Man the booth and greet visitors for one of the 3-4 hour shifts (again, as many shifts as you'd like!). You'll hand out our *Bluebills Heritage Chapter* pamphlets, questionnaires and a newsletter. We also have paper airplanes for visitors to practice their folding skills - for the young and old alike! We wear our *Bluebills* shirts and/or hats and will have several on hand if you need them.

That's all there is to it! Then you get to experience *The Puyallup* for the rest of the day - or night - for FREE!

If you're interested and want more information, please send an email to [Micki\\_brown@yahoo.com](mailto:Micki_brown@yahoo.com) with your name, phone number and email address. I'll contact you for your date and time preferences.

Thanks a bunch,  
Micki Brown

**Bluebills Heritage Chapter Meeting Directions**

From the **north** take 405 S Bronson Way. Keep right and continue on S 2nd St. to Williams Ave S. Turn left onto Williams Ave S and turn right onto 5th St and turn right onto 5th St. Go one block and turn right onto Burnett Ave S to VFW. From the **south** go north on Highway 405 to Exit 2 Hwy 167 Rainier Ave S. Go north to S Grady Way. Turn right on S Grady Way to Talbot Rd (3rd light) turn left on Talbot Rd. One block left on Talbot Rd. Then turn right on 7th St and then left on Burnett Ave S. Continue three blocks to VFW.

# ENGINEERING RETIRES SOCIETY – BLUEBILL PARTNERS

## Who are the Bluebills?

The Bluebill was a name chosen by Bill Boeing as the name of the first airplane built by Boeing in 1915. It was named after a duck found on Lake Washington.

Today, Bluebills is a Boeing supported organization of Boeing retirees, spouses, friends and other volunteers who work with local agencies and schools. There are currently three chapters of Bluebills improving the communities where our retirees live.

## Purpose

The purpose of the Bluebills is to provide opportunities for Boeing retirees to use their time, talents, energy, skills, knowledge and experience to improve the quality of life in their respective communities and thereby to enhance their own lives.

## Heritage Chapter

*(Supporting King and Pierce Counties)*

The first chapter of Bluebills, the Heritage Chapter, was formed in 1994. As the largest chapter they support a wide range of volunteer activities for 501c3 (non-profit) agencies as well as our retirees who need help. Since 2001 our chapter has volunteered over 50,000 hours each year. Programs focus on school support and needs, USO, sewing projects (afghans, mittens scarfs, hats, blankets, quilts etc.) for support to hospitals, Cancer Care Alliance, and Fred Hutchinson Hospital.

Monthly chapter meetings feature interesting speakers plus other activities. A Boeing sponsored dinner is given each year to recognize individuals who have contributed substantial service.

Delivering School Supplies.

## Sno-King Chapter

*(Supporting Everett and North King County)*

The Chapter was formed in 1995 so that retired Boeing employees in Snohomish and north King County could enjoy the benefits of being a Bluebill and volunteer their time and skills in helping their communities.

Volunteer projects include distributing Christmas gifts and food to needy families, sewing quilts and clothing for various charities, repacking hundreds of science kits used in Everett school classrooms, building a play airplane for Imagine Children's Museum, providing docents for Flying Heritage Collection and many more activities.

Flying Heritage Collection

Imagine Children's Museum

# Olympic Peninsula Chapter

*(Supporting, Kitsap, Jefferson and Clallam Counties)*

Our programs focus on helping the elderly and disabled by building ramps, installing grab bars and making other fall-prevention changes to their homes. We also distribute goods from World Vision, provide school supplies, and work to help the homeless and victims of domestic violence.

Warehousing goods from World Vision.

Our chapter has built over 500 ramps.

## ENGINEERING RETIREES SOCIETY Service Committee

**VOLUNTEER BECAUSE YOU CARE**
